Teacher of Economics (and Business)

PANGBOURNE

— Independent, co-educational day and boarding school, ages 11-18 —

Mr Oliver Knight - Head

I joined Pangbourne in September 2024 and have had the pleasure of working with an incredibly talented and dedicated staff and Board of Governors to drive forward my vision for the school.

Pangbourne is my fourth headship and all three of my previous headships were at inner-London state schools which I transformed by driving up the educational standards. I am passionate about bringing the best from the state sector and combining it with the independent school model to ensure the best possible education and opportunities for all pupils at Pangbourne.

My two passions in life are education and the outdoors. Pangbourne enables me to combine these into the uniqueness of a Pangbournean education through access to our world-class adventure facilities set within our 230 acre site. This enables us to create an academic ethos underpinned by an adventurous spirit; where risk, failure and uncertainty are daily experiences.

It is no longer enough for pupils to just achieve great academic outcomes. As staff, we work together to ensure that pupils are prepared for not just success in school but also success in life. Our aim is to educate pupils to be a force for good in an imperfect world.

I am in the process of implementing our Campus 2030 plans and would be delighted if you applied to join me on this exciting journey for the future vision of the College.

With best wishes

Mr Oliver Knight, Head

About Pangbourne

With over 30 years of co-educational experience, Pangbourne College is an independent day and boarding school for girls and boys aged 11-18 years, set in over 230 acres of Berkshire's Area of Outstanding Natural Beauty, with the best four mile stretch of rowing river in the country.

There are four pillars that develop and sustain a Pangbourne education: **Academic Rigour, Exploration, Community and Leadership**. These four components ensure all our students develop the attitudes, skills and behaviours that underpin success at school and in life. We empower each individual to fulfil their potential and develop the confidence, values and skills to make a positive difference to the world.

Pangbourne was established in 1917 as 'The Nautical College, Pangbourne' with a vision to train boys to become Merchant Navy Officers. In 1969 the College adopted the name it has today and shifted its focus to an academic education, becoming fully co-educational in 1996. Pangbourne College is not a military school and only two or three of our leavers each year go into the armed forces, but we do proudly pay tribute to our naval roots through preserving a number of traditions.

The eight **Flag Values of Kindness, Resilience, Selflessness, Moral Courage, Integrity, Initiative, Industry and Respect** underpin everything we do as a nurturing, pupil-centred community.

Department overview

BUSINESS AND ECONOMICS

THE TEAM

Two teachers deliver the Economics course within a larger Business and Economics department of five.

THE COURSE

Economics is offered as an A Level for 6th Form students. We use the Edexcel Economics A specification and have a significant bank of purchased and in-house resources to support its delivery. Business is also offered at GCSE and A Level (both Edexcel) and there is a BTEC Extended Certificate in Enterprise and Entrepreneurship. Involvement in these Business and Enterprise courses will be possible for suitably qualified individuals.

THE DEPARTMENT

The department is housed in its own area which comprises three classrooms and a central office/meeting room. The subject offerings of the department, including Economics, are extremely popular at the College. Across the most recent three cohorts, slightly less than a quarter of students choose Economics. More than half of the year group will choose one of the three departmental 6th Form offerings. At GCSE approximately half the pupils take GCSE Business.

OUTCOMES

Results in Economics are excellent in both an absolute and value added sense. In 2025, 69% of pupils achieved an A or an A*. A number of pupils choose to continue Economics at university.
