

# Candidate Pack

## Teacher of Chemistry

PANGBOURNE

— Independent, co-educational day and boarding school, ages 11-18 —

# Mr Oliver Knight – Head

I joined Pangbourne in September 2024 and have had the pleasure of working with an incredibly talented and dedicated staff and Board of Governors to drive forward my vision for the school.

Pangbourne is my fourth headship and all three of my previous headships were at inner-London state schools which I transformed by driving up the educational standards. I am passionate about bringing the best from the state sector and combining it with the independent school model to ensure the best possible education and opportunities for all pupils at Pangbourne.

My two passions in life are education and the outdoors. Pangbourne enables me to combine these into the uniqueness of a Pangbournian education through access to our world-class adventure facilities set within our 230 acre site. This enables us to create an academic ethos underpinned by an adventurous spirit; where risk, failure and uncertainty are daily experiences.

It is no longer enough for pupils to just achieve great academic outcomes. As staff, we work together to ensure that pupils are prepared for not just success in school but also success in life. Our aim is to educate pupils to be a force for good in an imperfect world.

I am in the process of implementing our Campus 2030 plans and would be delighted if you applied to join me on this exciting journey for the future vision of the College.

With best wishes

Mr Oliver Knight, Head

PANGBOURNE

# About Pangbourne

With over 30 years of co-educational experience, Pangbourne College is an independent day and boarding school for girls and boys aged 11-18 years, set in over 230 acres of Berkshire's Area of Outstanding Natural Beauty, with the best four mile stretch of rowing river in the country.

There are four pillars that develop and sustain a Pangbourne education: **Academic Rigour, Exploration, Community and Leadership**. These four components ensure all our students develop the attitudes, skills and behaviours that underpin success at school and in life. We empower each individual to fulfil their potential and develop the confidence, values and skills to make a positive difference to the world.

Pangbourne was established in 1917 as 'The Nautical College, Pangbourne' with a vision to train boys to become Merchant Navy Officers. In 1969 the College adopted the name it has today and shifted its focus to an academic education, becoming fully co-educational in 1996. Pangbourne College is not a military school and only two or three of our leavers each year go into the armed forces, but we do proudly pay tribute to our naval roots through preserving a number of traditions.

The eight **Flag Values of Kindness, Resilience, Selflessness, Moral Courage, Integrity, Initiative, Industry and Respect** underpin everything we do as a nurturing, pupil-centred community.

Reporting To:	Head of Chemistry
Key working relationships:	Members of the Science Dept Senior Management Teaching Staff Pupils, Parents and Guardians

# Department overview

## SCIENCE - CHEMISTRY

### The Team

There are currently nine Science teachers at Pangbourne, each of whom has a primary speciality; three of us are Chemists. The A-Level course is taught by specialist Chemist, and to a great extent so are the two GCSE courses we follow. Science in Years 7 and 8 has been taught in the past by all three departments.

### The Courses

In the Sixth Form we follow the Edexcel Chemistry Specification (9CH0), with teaching split between two teachers in each year. We are allocated one double lesson per week for formal practical sessions in both Year 12 and 13.

At GCSE students have two options – either AQA GCSE Chemistry (8462), or AQA Combined Science Trilogy (8464). About 20% of students choose Separate Sciences each year. However, it is notable that a high proportion of our A level students progress to the Sixth form from the Combined Science route. Science in Year 7 and 8 follows the Oxford KS3 Science Activate course.

### The Department

Chemistry is taught in three spacious laboratories slightly detached from the Biology and Physics departments. The laboratories are laid out with dedicated “wet and dry” areas, and are well-equipped. We have a dedicated Chemistry technician for practical work, and who often happily provides an extra pair of eyes during practical sessions.

### Outcomes

Results across the Sciences have been impressive in recent years. At A-Level, Chemistry has had 100% of students gaining a grade A\* to B in the past three years.

## Duties and responsibilities of all teachers:

- Adopting the Pangbourne Teacher Habits to maintain an evidence-led model of instruction.
- Following the appropriate schemes of work.
- Maintaining discipline within their classroom and the department.
- Regular setting of class work and preps.
- Regular marking and assessment of students' work
- Maintaining records of lessons taught and students' marks.
- Meeting assessment and reporting deadlines.
- Attending parents' meetings.
- Running academic support clinics.
- Setting appropriate work in the case of absence.
- Maintaining classroom equipment.
- Maintaining good quality classroom displays and contributing to departmental display areas.
- Supporting and helping other members of the department.
- Attending INSET or courses for professional development and generally keeping up to date with the subject and current developments/teaching techniques, feeding back to the department where relevant.
- Setting and marking internal examinations as agreed.
- Involvement in department tours and trips.
- Act as a Tutor to a small group (about 10) of pupils.
- Willingness to engage in and develop extra-curricular activities
- Complying with health and safety issues within the Science Department, reporting any faults immediately.

## Please note:

The above is only an outline of the tasks and responsibilities of the role. The post holder will carry out any other duties as may be reasonably required by his/her line manager. The job description and person specification may be reviewed on an on-going basis in accordance with the changing needs of the department and College.

This job description and accompanying documentation do not form part of the employment contract. — Independent, co-educational day and boarding school, ages 11-18 —

# Personal specification – essential elements

# Other information

PANGBOURNE

— Independent, co-educational day and boarding school, ages 11-18 —

## **Child Protection and Safeguarding Policy**

In line with our recruitment policy and for the protection of our pupils, you will be subject to an enhanced DBS disclosure and employment reference checks. Pangbourne College is committed to safeguarding and promoting the welfare of children and young people and expects staff and volunteers to share this commitment. You must be eligible to work in the UK.

It is the post holder's responsibility for promoting and safeguarding the welfare of children. You will comply with the Pangbourne College Child Protection and Safeguarding Policy, and the requirement to report to the Designated Safeguarding Lead any concerns relating to the safety or welfare of children.

## **Information Security, Confidentiality and Data Protection**

During the course of employment the post holder may have access to, see or hear information of a confidential nature and he/she will be required not to disclose such information. All personal identification information must be held in the strictest confidence and should be disclosed only to authorised people in accordance with the General Data Protection Regulation and the College's Privacy Notice, unless explicit written consent has been given by the person identified.

## Equal Opportunities

We are proactively committed to creating a diverse staff body which reflects the community that we teach. At Pangbourne College we value diversity and inclusion; we want to attract the best people for the role available. This is regardless of age, ethnicity, sexual orientation, gender, disability, socioeconomic status or religious beliefs.

The post holder must comply with and promote Equal Opportunities and avoid any behaviour which discriminates against others on the grounds of sex, disability, marital status, sexual orientation, age, race, colour, nationality, ethnic or national origin, religion, political opinion, trade union membership.

## Health and Safety

Under the Health & Safety at Work etc Act 1974, it is the responsibility of individual employees at every level to take care of their own health and safety and that of others who may be affected by their own acts at work. This includes co-operating with the College and colleagues in complying with Health and Safety obligations to maintain a safe environment.
