— A community where you can flourish —

YEAR 9 DRAMA SCHOLARSHIP

Dear Reader,

Thank you for taking the time to learn more about our Scholarship provision here at Pangbourne College. Pangbourne College is a NACE Challenge accredited school, one of only a few independent senior schools with a Sixth Form to have this accolade in the United Kingdom. This award is only given to schools that demonstrate excellence in teaching and learning, leadership, and challenge across the board, and our scholarship programmes are at the very heart of that.

Holders of scholarships can expect recognition across the College. Each one of your child's teachers will know that they are talented within a particular aspect of the curriculum or, in the case of Academic Scholars, exceptionally able across the board. It is this individualised care for every child, every lesson, that makes our able provision so impactful. Every one of the Scholarship pathways has their own programme, expertly designed to help your child flourish in that area, and eventually lead in it, as they progress through the College.

Each scholar is recognised as a leader in our community and is expected to take full ownership and accountability for their role, judged against our Flag Values and Academic Standards. In exchange, we offer the finest level of enhancement of their skillset to help them pursue their passion. This year in particular is even more exciting as we launch our *Devitt and Moore Award*, which all Scholars in Years 9-11 will complete to build a suite of skills to prepare them for further study and life outside of our community.

I invite you to read through this booklet and see for yourself the fantastic diversity of opportunity that every prospective scholar can expect at Pangbourne College. Our small size and award-winning more able provision means that we can assure you that your child will indeed flourish as a scholar in our special community.

I hope to meet you soon.

Best wishes,

Jack Sims, MSci, PGCE Head of Scholarship and Challenge

Pangbourne College offers a limited number of scholarships to pupils who demonstrate superb potential in academic ability or in a major co-curricular specialism. The following pages describe the entry criteria, scholarship programme benefits, and expectations.

SCHOLARSHIP PROGRAMME

Holding a Scholarship at Pangbourne College is recognition of a pupil's potential in their specialism, as well as to participate actively in the life of the College. Scholars are College leaders, and their contribution as a positive role model in their specialism allows for positive growth to happen. As such, while the College does not provide automatic fee remission for Scholarship holders, we do recognise award holders with a dedicated scholarship programme.

All Scholars can expect additional opportunities depending on the type and specialism of the award they are holding. We want Scholars to dive into their area and show their passion, whilst also upholding all of our Flag Values in all that they do. Most importantly, all Scholars work closely together throughout the College and help to carry out positive contributions to support their peers.

Scholars will regularly meet during ensembles and meetings. There is also an annual and prestigious Scholars' Dinner, which is a significant date in the College calendar.

APPLYING FOR FEE ASSISTANCE

The scholarship award does not carry automatic fee reduction. Pupils who are awarded a scholarship or exhibition may be eligible for additional assistance with payment of school fees in the form of means-tested financial assistance. This is traditionally known as a 'bursary', and the bursary application process is run in tandem with an application to Pangbourne College. The means-testing process is administered by the Bursar. Click here for the [Bursary Policy](#).

HOW SCHOLARSHIPS WORK

Year 7 Scholarships last for two years and conclude at the end of Year 8. All of the programmes prepare pupils for entry into a Year 9 Scholarship, the assessments of which take place during Year 8.

Pupils may apply for One Scholarship only. However, if a pupil is applying for an Academic Scholarship, then they may choose another as well.

Upon confirmation of a Scholarship, a pupil will be asked to sign our Scholarship Agreement, which pledges to uphold the highest standards and to contribute fully to that discipline. This is constantly reviewed throughout their time at the College.

WHAT DOES IT TAKE TO BE A DRAMA SCHOLAR?

We offer both Technical and Acting Scholarships at Pangbourne. We want enthusiastic dramatists / stage crew who love supporting others with drama and taking part in productions, be they big or small. Above all though, Drama Scholars promote a love of Drama and act as leaders within the discipline.

WHAT ARE THE BENEFITS OF BEING A PANGBOURNE SCHOLAR?

Scholars have the opportunity to attend weekly Trinity College London Drama exams (LAMDA equivalent) from Grades 1-8, which act to improve a pupil's disciplinary knowledge of the subject.

All Scholars get to be an active part of the Drama department and have a say in its future direction and are role models inside and outside of the department. They also will take active parts in speaking within assemblies and Open Mornings. If they wish to pursue the Technical side, then pupils work alongside the technical crew on our many productions, learning all of the disciplines of working backstage and focusing on one specific area of interest as required.

Like all Scholars, Drama Scholars will complete a Devitt and Moore Senior Award each year. This prestigious project involves selecting a novel topic and demonstrating understanding through a way of choice. For more information, please see our Devitt and Moore booklet.

The Scholarship Award does not carry automatic fee reduction. Where appropriate, scholarship award holders may benefit from fee remission in the form of a means-tested bursary. Applications for bursaries may be submitted alongside the scholarship application.

WHAT DO WE EXPECT OF A PANGBOURNE SCHOLAR?

Pupils holding a drama scholarship are expected to play an active role in the drama department and its co- curricular life, including annual College productions.

They are expected to take Drama at GCSE level. In addition, we expect Pangbourne Scholars to be an upstanding and responsible member of the Drama team, a role model within lessons, rehearsals, and around the College.

WHAT IS THE SELECTION PROCESS?

In the assessment workshop session, drama candidates should be prepared to:

- Perform from memory two contrasting monologues from any play (between 1-2 minutes per monologue).
- Perform a prepared improvisation for three minutes, based on one of the following titles:
 - o Memories
 - o Relationships
 - o Holidays
 - o Ambitions
- Take part in a practical workshop run by our award holders.
- Participate in an interview with a relevant staff member about the role of a scholar, as well as a discussion on the work presented.
